Hello! I am Agi, the author of Hello Mister Teddy!

First of all, I want to sincerely thank everyone who read Hello Mister Teddy till the end.

I am filled with emotion that this manhwa about an Ahjussi who mends his ways and becomes a true otaku is truly over

When I first published serially, I was really nervous and scared, but I tried hard to improve myself consistently.

I believe I have learned a lot, while working on this series. I think it was a valuable time and experience.

Before starting College Manhwa Best Award Competition, during the period of my first idea stage of Hello Mister Teddy, I decided that I will abandon the genre I pursued originally and try drawing something different. So, using my brain as best as I can, I came up with this setting and story about a burly Ahjussi who loves cute things
Professor, I want to draw a macho Ahjussi who likes cute things.
My gosh, are you sure?
If I think about it now, I think the idea was only based on my greed
Yes! I wanted draw something like this! Gyaa!!!
I ♥ TB

The point I focused on in the official work was making the main character, who cannot get accepted in the society, to be able to quit his job as a gangster and do something that he truly wants to do, with the help of others.

Bae HyunWoong
(Black Bear)
Gender: Male
Age: 34
Height: 192cm

For that, I needed several passive characters who will support the main character around them.

Lee SeeWoo
(Scone)
Gender: Female
Age: 18
Height: 170 cm

Kang Aram
(Mamang)
Gender: Female
Age: 18
Height: 161 cm

It was really fun to draw
how the main character was helped
by many characters with different
individualities.

Lee TaeYoon
(Bro)
Gender: Male
Age: 18
Height: 178 cm

King Ho Gul
(Julie)
Gender: Male
Age: 46
Height: 188 cm

During the short period of time of the series, it is a shame that I could not show everything that I wanted to show, but...

But I am satisfied that I was able to finish the series without any big troubles

To all the readers who
took interest in this manhwa and
supported me, I thank you all.

Every time I felt
tired, the readers' encouragements
became this manhwa's big driving
force.

And thank you to my
acquaintances who helped me when I
couldn't adjust to my first series.

I thank everyone.

-Congratulations for finishing!-
